

Quality Policy 2012-13

Issuing Date: 02nd June, 2012

"Working together as a corporate team, we provide products and services that meet or exceed customer and industry specifications and standards. We are committed to continual improvement in all disciplines of our business to attain the desired quality standards and benchmarked growth level."

This policy has been formulated and approved by the Company's Executive Officer. The policy is explained and discussed at general orientation and training program given to all existing and new employees. The policy is also posted in conspicuous locations throughout the Company. In the implementation of this policy, all employees of the Company share the responsibility to ensure quality. Quality system and program requirements are set forth to assure that all company personnel follow appropriate procedures throughout the entire life cycle of our products, spanning from new product design, arrangements of raw material to final good and in time delivery service. Below given points summarized the quality policy of Nizam Sons:

- *We are committed to grow our global business through market driven and precise research approach to produce advance and innovative products, underpinned in well defined quality parameters*
- *We are committed to manage our manufacturing capabilities through e-System, which develop e-Procedures to cut time/cost gap and automated e-Reporting among staff to effectively build up physical and virtual records*
- *We are committed to achieve the highest quality performance standards within each area of our business discipline to ensure maximum growth.*
- *We are committed to provide the infrastructure, organizational alignments and healthy work environment at corporate and personnel level to become leading name in the industry.*
